

# DIGITAL SIGNAGE

## You Don't Need to be a Designer (Seriously)

Businesses can design, schedule, and update on-brand visuals in minutes, while our managed 5G solution keeps every screen running smoothly, securely, and without the need for complex wiring or IT support.

## WHY FOR2FI & MANDOE?

This partnership removes the complexity typically associated with digital signage deployments, giving customers a single, trusted provider for both content and connectivity. It's a frictionless way to deploy digital signage at scale, powered by the speed, simplicity, and always-on performance modern businesses expect.

**CUSTOMIZED  
CONTENT  
AVAILABLE!**

### ONE DEPLOYMENT

Bundle your digital signage with For2Fi's 5G solution and managed device with one single deployment.

### CONTENT SCHEDULING
